1ST NEWSLETTER
AUG 2024

EDITOR'S MESSAGE

It gives me great joy to bring you the first newsletter 2024-2025. Communication is the first pillar of growth and success of a team followed by celebration of small and big achievements a like. In the constant grind of our movement lives, this bulletin aims to strengthen our bond. It keeps us all updated regarding breakthrough results and ideas that originated from the greatest of minds at YMI and to ensure that we all have a united front for all future challenges.

This is not only a platform to celebrate our success and acknowledge our members of their great work but also a medium to understand the overall performance of our YMI movement. I hope that this small effort will not only help all of us gain a stranger perspective about our Asia Pacific Area, but also inspire breakthrough ideas and gives us more leadership of our AP Joan Wong's reasons "Make A Great Impact" – Be Bold Serve by Faith to celebrate together.

AREA PRESEIDENT 'S MESSAGE

**Be Bold
Serve by Faith**

Dear all Y's Men fellow,

My warmest greetings from Hong Kong.

It has been almost two months since I took office. Although it was not long ago, the work was actually prepared a few months ago. This summer was very exciting. Other than I attended the installation ceremony in some regions, the 1st Area Council Meeting was held on August 8, 2024 and all Area Executive Officers participated in the 74th Chiangmai International Convention. What makes me proud is that the number of delegates from the Asia Pacific Area this year is over 150 and every region had delegates.

My theme this year is **"MAKE A GREAT IMPACT"**. As an international social service organization, the Y's Men's clubs mainly serve our partnership with YMCA and the community. Our existence is to serve the community. With love and care, to serve those who are truly in need in society by faith. In order to encourage the clubs to actively serve society and increase the exposure of the Area, the Asia Pacific Area will launch a Short Video Contest. We hope that all regions will actively participate in and submit the entries. Due to the decline in the number of club members, the Asia Pacific Area lost one seat in the International Council this year. Fortunately, due to the changes of international constitution, we can regain the seat we lost. In view of this, we need to increase the number of members in order to maintain two seats always.

All Area Service Directors were appointed in the 1st Area Council Meeting. They will be introduced in this newsletter. To maintain the Area well function and facilitate any decision-makings, the regular AEO meetings are important. I hope you all can support the Area and let's work together to promote Y's Dom. Here, may God bless you all richly.

Yours Y'sly

Joan Wong
Area President

A SHARING ON CPE TRAINING

It was such a great experience for me to join both the CPE Institute training on 6-8 August and the Y's Men 74th International Convention (IC) and YMI Festival on 8-11 August in Chiang Mai! The CPE Institute training was a comprehensive and systematic training for participants to have a better understanding of the history and various programmes and initiatives of the YMI, and is good for club presidents and officers to learn and understand more about these. We did not only listen to the presentations of various speakers sharing their knowledge and invaluable experience, but also had the chance to meet and exchange ideas with fellow Y's Men from different countries and regions, and share how different Y's Men Clubs take forward their projects and face the challenges and difficulties. After the CPE Institute training, we moved on to the IC and YMI Festival which was eye opening, inspiring and full of fun! With over 500 participants from all over the world and a well-designed programme with inspiring speeches, ceremonies, cultural performances, games and excursions, the IC and YMI Festival truly showcased YMI's tradition and value in service, fellowship and culture on the international level, allowing everyone of us to get first hand information of the vision, mission and programmes of YMI, experience the cultural diversity represented by the numerous Y's Men's clubs, and enjoy the culture and scenery of Chiang Mai with new and old friends at the excursions! It was really an unforgettable experience for me and I highly recommend all Y's Men to join the IC and YMI Festival in future!
